

Canada-Wide Medical Assessments has been providing Independent Medical Assessments across Canada to Motor Vehicle Insurers, CPP, Life and Disability Insurers, WSIB and employers since 1997. Our resources include reliable, experienced professionals representing all medical specialties across Ontario & Canada to meet your needs. In order to facilitate referrals in non-urban communities across Ontario, we arrange travel on a monthly basis for a variety of assessors to regions such as Southwestern Ontario (London, Windsor and surrounding areas), Eastern Ontario (Kingston, Ottawa and surrounding areas) and throughout Northern Ontario.
